Summary

MCA fresher with hands-on experience in building frontend and backend web applications using the MERN stack. Completed backend development for an academic major project and built multiple frontend projects using React and REST APIs. Familiar with authentication, API integration, and clean UI development. Actively seeking fresher SDE roles and opportunities to learn and grow.

Skills

Frontend: HTML5, CSS3, JavaScript (ES6+), React.js

Backend: Node.js, Express.js, REST APIs, JWT Authentication

Databases: MongoDB, MySQL

Programming Languages: Java (Fundamentals, OOP), JavaScript, Python (Basics)

Tools: Git, GitHub, VS Code, Postman

Education

MCA – Master of Computer Applications – Aditya University (2024–2026) | CGPA: 8.70

B.Sc (MIECS) – SSBN Degree College (2021–2024) | CGPA: 8.41

Intermediate (MPC) – Sri Vishwasanthi Institute (2021) | Score: 87.9%

SSC – Golden Bells School (2019) | CGPA: 9.0

Projects

Major Full Stack Project (MERN)

Bike & Car Rental System (MERN Stack)

Node.js, Express.js, MongoDB, JWT, REST APIs

- Developed backend APIs for a bike and car rental booking system
- Implemented role-based authentication (Admin, Provider, Customer)
- Built vehicle listing, booking, and cancellation flow
- Payment integration under testing
- Frontend development in progress using React

Frontend & API Projects

Local Shop Website (Freelance) | Live : [Link](#)

- Built a responsive frontend website to improve online visibility
- Included shop details and contact section

Country Finder | Live: [Link](#)

- Built a React application to search and view country details using REST API

Movie Search App | Live: [Link](#)

- Developed a movie search app using OMDb API and React

Internships

Infotact Solutions – Full Stack Developer Intern

May 2025 – Aug 2025

- Worked with a team on a MERN stack web application
- Built frontend components using React
- Developed backend APIs using Node.js and Express
- Implemented JWT-based authentication
- Used Git and GitHub for version control

BlackBucks – Web Development

Intern May 2025 – Jun 2025

- Assisted in frontend and backend development tasks
- Fixed UI issues and improved responsiveness
- Integrated APIs and worked with MongoDB
- Learned real-world development workflow
