### Summary

Full Stack Developer (MERN) with hands-on experience in building responsive web interfaces and scalable applications using React, Node.js, Express, MongoDB, and MySQL. Skilled in debugging, REST APIs, cloud deployment, and clean UI development with a strong focus on performance and real-world product requirements. Passionate about writing clean code, optimizing user experience, and continuously learning modern web technologies.

### Skills

**Frontend:** HTML5, CSS3, JavaScript (ES6+), React.js, Tailwind CSS, Bootstrap, Responsive Web Design

**Backend:** Node.js, Express.js, REST APIs, Authentication (JWT, OAuth)

**Databases:** MongoDB, MySQL

**Tools:** Git, GitHub, VS Code, Postman, Thunder Client

**Core Skills:** API Security, Cloud Deployment, Debugging, Performance Optimization

### Education

**MCA – Master of Computer Applications** — Aditya University (2024–2026) | CGPA: 8.70

**B.Sc (MIECS)** — SSBN Degree College (2021–2024) | CGPA: 8.41

**Intermediate (MPC)** — Sri Vishwasanthi Institute (2021) | Score: 87.9%

**SSC** — Golden Bells School (2019) | CGPA: 9.0

### Projects

#### Major Full Stack Project (MERN)

##### E-Commerce Web Application (Personal Project)

React.js, Tailwind CSS, Node.js, Express.js, MongoDB | Live Project: [E-Commerce Website](#)

- Developed a full-stack e-commerce platform with secure login, cart, and order features using JWT authentication.
- Implemented REST APIs & optimized MongoDB queries to reduce response time and enhance performance.

#### Frontend + API Projects

##### Weather App (Live Weather API App)

HTML, CSS, JavaScript (OpenWeather API) | Live Project: [Weather API](#)

- Created a weather app that fetches real-time data like temperature, humidity & wind speed using OpenWeather REST API.
- Added input validation & error handling for incorrect city names with a clean responsive layout.

##### Meal Finder App (API Project)

HTML, CSS, JavaScript (Fetch API) | Live Project: [Meal Finder](#)

- Built a recipe search application using TheMealDB API, displaying ingredients, categories, and cooking instructions.
- Implemented responsive UI and dynamic modal previews using async/await with Fetch API.

##### Restaurant Menu UI (Frontend Project)

HTML, CSS | Live Project: [Restaurant Menu](#)

- Built a fully responsive restaurant-themed UI with food categories, banners, and modern layout styling.
- Implemented clean typography, hover effects, and optimized asset loading to enhance visual appeal and performance across devices.

### Work Experience :

#### Infotact Solutions – Full Stack Developer Intern / Team Lead

May 2025 – Aug 2025

- Led a 4-member team to develop a scalable e-commerce web application using the MERN stack.
- Built responsive and reusable UI components using React.js & Tailwind CSS.
- Developed secure REST APIs with Node.js & Express.js, integrating JWT authentication.
- Designed and managed MongoDB schemas, including indexing & query optimization.
- Used Git & GitHub for version control, branch management, pull requests, and team code reviews.

#### BlackBucks – Web Development Intern

May 2025 – Jun 2025

- Contributed to full-stack feature development for an e-commerce project using React, Node.js & MongoDB.
- Improved frontend performance, reusability & UI responsiveness using modern JavaScript techniques.
- Integrated APIs and collaborated using Git & version control practices.
- Debugged UI issues and optimized components for faster rendering.

## Certifications

### **TCS iON Career Edge – Young Professional**

- Trained in corporate etiquette, communication, email writing, interview & resume preparation, and IT fundamentals.

### **MERN Stack Internship – Infotact Solutions (3 Months)**

- Hands-on training in building full-stack applications using MongoDB, Express, React, Node.js, API Security & Deployment.

### **MERN Stack Internship – BlackBucks (1 Month)**

- Worked on real-world business use cases, improving UI performance & API integrations using the MERN stack.

### **Python Fundamentals – Infosys Springboard**

- Gained foundational knowledge of Python, loops, data structures & problem solving.
- 

## Achievements

### **Frontend Bootcamp (90 Days)**

- Completed intensive training focused on React UI development, CSS frameworks, responsive layouts & API handling.

### **100-Day Frontend Hackathon**

- Developed multiple creative UI designs & API-based apps using HTML, CSS, JavaScript & modern frameworks.

### **APICET Rank 2772 (2024)**

- Secured a competitive state-level rank in Andhra Pradesh Integrated Common Entrance Test.

### **TSICET Rank 2172 (2024)**

- Achieved a state-level rank in Telangana State Integrated Common Entrance Test.
-
