### Summary

---

As a passionate MERN Stack Developer, I have led projects that provided seamless user experiences, focusing on front-end development with React.js and robust back-end solutions using Node.js. My hands-on experience allows me to quickly translate requirements into scalable applications.

### Skills

---

Programming Languages	<b>JavaScript, Python, Java</b>
Frameworks	<b>MERN Stack, React.js, Node.js, Express.js, Tailwind CSS</b>
Databases	<b>MongoDB</b>
Tools & Technologies	GitHub, VS Code
APIs & Authentication	Google OAuth, Payment Gateway Integration

### Education

---

#### MCA Master of Computer Application

Aditya University

2024

- Achieved a commendable GPA of **8.70** in the Master of Computer Application program, showcasing strong academic performance.

#### BSc (MIECS)

SSBN Degree College

2024

- Acquired a solid GPA of **8.41** in Bachelor of Science, demonstrating a strong foundation in computer science.

#### BIEAP

Sri Viswasanthi Institute

2021

- Secured an impressive GPA of **87.9** in Physics, Chemistry, and Mathematics, highlighting analytical and problem-solving skills.

#### SSC

Golden Bells School

2019

- Achieved an outstanding GPA of **9.0** in the Secondary School Certificate, reflecting a strong academic foundation.

#### Programming Fundamentals using Python - Part 1

Wingspan

2025

#### Career Edge - Young Professional

TCS iON

2024

#### Internship Certification

G-TECH Computer Education

2023

### Projects

---

#### Desi Etsy (Internship Project)

2025-05 - 2025-08

React.js, Tailwind CSS, Node.js, Express.js, MongoDB

[Live Link](#)

- An innovative e-commerce platform akin to Etsy, crafted during my internship as Team Lead, facilitating users to explore, buy, and sell unique handmade and vintage products seamlessly.

#### FoodApp (Internship Project)

2025-05 - 2025-08

React.js, Tailwind CSS, Node.js, Express.js, MongoDB

[Live Link](#)

- A comprehensive full-stack food delivery application developed during my Infotact internship, showcasing leadership as Team Lead.

## **JobPortalX (Internship Project)**

2025-06 - Present

**MongoDB, Express.js, React.js, Node.js**

GitHub

- An innovative job portal platform created during my BlackBucks internship utilizing the MERN stack, designed to facilitate seamless job postings, applications, and user management for both employers and job seekers.

## **Work Experience**

---

### **Infotact Solutions**

#### **Full Stack Developer Intern / Team Lead**

2025-05 - 2025-08

- Demonstrated expertise in **team leadership** through leading a 4-member team to develop a scalable e-commerce platform using MERN stack.
- Demonstrated expertise in **React.js** through development of dynamic UIs and built RESTful APIs using Node.js/Express.js.
- Demonstrated expertise in **MongoDB** through managing database interactions and Git version control within Agile sprints.

### **BlackBucks**

#### **Web Development Intern**

2025-05 - 2025-06

- Demonstrated expertise in **SDLC** by supporting the full cycle in a fast-paced environment.
- Demonstrated expertise in **UI/UX enhancement** through responsive frontend optimizations.

## **Certifications**

---

### **Programming Fundamentals using Python - Part 1**

**Beginner, Wingspan, <https://www.wingspan.com>**

2025-01 - 2026-01

- Acquired foundational programming skills with Python, essential for backend development and automation.

### **TCS iON Career Edge - Young Professional**

**Professional, Tata Consultancy Services, <https://www.tcsion.com>**

2024-10 - 2025-10

- Gained practical skills and industry knowledge relevant to young professionals entering technology sectors.

### **Internship Certification**

**Intern, G-TECH Computer Education, <https://www.gtech.com>**

2023-07 - 2024-07

- Recognized for gaining extensive practical experience during my internship.

## **Achievements**

---

### **E-commerce Platform Development**

**Infotact Solutions**

2025

- Successfully led a team in developing a scalable e-commerce platform utilizing the MERN stack, enhancing my leadership skills and solidifying my full stack development expertise.
- Engineered dynamic user interfaces with React.js and constructed RESTful APIs with Node.js/Express.js, demonstrating hands-on proficiency in modern web technologies.
- Oversaw MongoDB database operations and effectively managed Git version control during Agile sprints, ensuring seamless project integration and delivery.
